Ethics Self-Assessment KSETA Europe

Please answer the questions below. If you need any help or further information, please contact us at apply@kseta.kit.edu

"Activity" refers to your planned research project in KSETA. Note that none of the current KSETA research lines involves research on embryos, humans, personal data, or animals.

If you answer any question with "yes", add a few explanatory sentences on how you plan to mitigate the corresponding risk of ethics violations, aiming at a short text of maximum length of 1/2 page.

Ethics Self-Assessment	**Yes**	**No**
1. Human Embryonic Stem Cells and Human Embryos		
Does your activity involve Human Embryonic Stem Cells (hESCs)?	☐	☑
Does your activity involve the use of human embryos?	☐	☑
Does your activity involve the use of other human embryonic or foetal tissues / cells?	☐	☑
2. Humans		
Does your activity involve human participants?	☐	☑
Does your activity involve interventions (physical also including imaging technology, behavioural treatments, tracking and tracing, etc.) on the study participants?	☐	☑
Does your activity involve conducting a clinical study as defined by the Clinical Trial Regulation 536/2014 (using pharmaceuticals, biologicals, radiopharmaceuticals, or advanced therapy medicinal products)?	☐	☑
3. Human (other than those covered by *section 1*)		
Does your activity involve the use of human cells or tissues?	☐	☑
4. Personal Data		
Does your activity involve processing of personal data?	☐	☑
Does your activity involve further processing of previously collected personal data *(including use of pre-existing data sets or sources, merging existing data sets)*?	☐	☑
Is it planned to export personal data (data transfer) from the EU to non- EU countries?	☐	☑
Is it planned to import personal data (data transfer) from non-EU countries into the EU or from a non- EU country to another non-EU country?	☐	☑
Does your activity involve the processing of personal data related to criminal convictions or offences?	☐	☑
5. Animals		
Does your activity involve animals?	☐	☑

Ethics Self-Assessment	Yes	No
6. Non-EU countries		
In case non-EU countries are involved, do the activities undertaken in these countries raise potential ethics issues?	☐	☑
Is it planned to use local resources *(e.g. animal and/or human tissue samples, genetic material, live animals, human remains, materials of historical value, endangered fauna or flora samples, etc.)*?	☐	☑
Is it planned to import any material (other than data) from non-EU countries into the EU or from a non- EU country to another non-EU country? *For data imports, see section 4.*	☐	☑
Is it planned to export any material (other than data) from the EU to non-EU countries? *For data exports, see section 4.*	☐	☑
Does your activity involve low and/or lower-middle income countries?	☐	☑
Could the situation in the country put the individuals taking part in the activity at risk?	☐	☑
7. Environment, Health and Safety		
Does this activity involve the use of substances or processes (or technologies) that may cause harm to the environment, to animals or plants (during the implementation of the activity or further to the use of the results, as a possible impact)? *For activities involving animal experiments, see section 5.*	☐	☑
Does this activity deal with endangered fauna and/or flora / protected areas?	☐	☑
Does this activity involve the use of substances or processes (or technologies) that may cause harm to humans, including those performing the activity (during the implementation of the activity or further to the use of the results, or the deployment of the technology as a possible impact)? *For activities involving human participants, see section 2.*	☐	☑
8. Artificial Intelligence		
Does this activity involve the development, deployment and/or use of Artificial Intelligence-based systems?	☐	☑
9. Other Ethics Issues		
Are there any other ethics issues that should be taken into consideration?	☐	☑
