Information

- Courses are either numerically graded on a 5-Point scale or assessed as a “Passed/Failed”.
- 5-Point scale grading system:

Excellent	5
Good	4
Satisfactory	3
Unsatisfactory	1 – 2

- Minimum passing grade is satisfactory (3), unsatisfactory grades (1 – 2) indicate failure and do not earn academic credit.
- Grade Point Average (GPA) for each semester is calculated as the arithmetic average of final grades for all courses completed in that semester.
- Cumulative Grade Point Average (CGPA) is calculated as the arithmetic average of all numerically graded courses.
- Courses assessed as a “Passed/Failed” are not included in GPA or CGPA calculations.
