MPA
MAINZ PHYSICS ACADEMY

Referee Form for Recommendation

Applicant's Name: Reza Aliasgari Renani

This student is applying for admission to the Integrated Research Training Group within the Collaborative Research Centre CRC1660. Applicants are asked to forward this form to two referees who can provide an insightful assessment about the candidate's abilities to thrive in the program. The selection system is highly competitive and we kindly ask you to give your frank opinion about the academic and personal qualities of the candidate.
The Referee Form for Recommendation should be submitted from an institutional email account to mpa@uni-mainz.de before **February 28th, 2026.**

1. How long have you known the applicant? 1.5 years
2. In what capacity have you known the applicant (supervisor, teacher)?
   Head of the SoC Lab in which Reza works.
3. Please rate the candidate's overall academic performance and promise relative to a representative group of students with a comparable level of education:

Top 5% Exceptional	Top 10% Outstanding	Top 15% Very Good	Top 50% Good	Below Top 50%
✓				

4. Please rate the candidate according to the following criteria using the given scale:

	Top 5%	Top 10%	Top 15%	Top 50%	Below Top 50%	Unable to Judge
Theoretical Knowledge		✓				
Intellectual Potential		✓				
Experimental Ability	✓					
Creativity			✓			
Ability to work in a team	✓					
Ability to work independently	✓					
Motivation	✓					
English Language Skills	✓					

Overall impression *(Please provide a one page summary of your overall impression of the candidate and their qualifications for the PhD program. You may include any relevant information not covered in the above sections.)*

Reza is a competent FPGA developer and designs from algorithm definition to verified hardware on real boards.

He communicates well and can independently work. He has solid knowledge with software development and writing HDL.

He performs very well in experimental teams and keeps documentation and clean source control.

His background aligns well with high-rate data acquisition and using FPGAs in modern physics experiments.

I am confident he has the discipline and stamina to succeed in demanding PhD research.

Name of Referee: Yakov Lvovich

Position of Referee: Head of the System-on-Chip Development Laboratory Institution: Moscow Institute of Physics and Technology
